MICROCEMENT
M-Film is a high performance concrete, self-priming, Cementitious coating, made especially for use over existing, unsealed, interior or exterior concrete surfaces. It can be used to paint a solid color or antique a textured surface, and is available in custom colors, as well as all 24 standard DE-CONCRETE colors. M-Film is also well suited to vertical applications such as brick, masonry and stucco.

WEAR SHOPS
| Smooth Concrete

SMOOTH CONCRETE
Is a high standard concrete finish system, reflecting a hard nice smooth cloudy colored surface that is usually used for indoor projects.
